CONCENTRATION

BEING . . .

INNOVATIVE

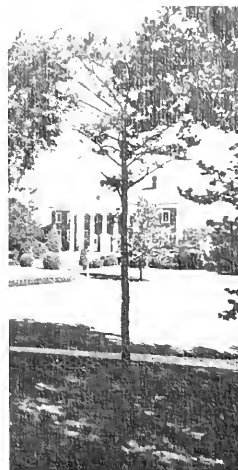

AND
CREATIVE

To Thee, Dear Alma Mater,
We raise our grateful song,
For through thy noble teachings
Thou'st made they children strong;
And thousands still shall praise thee,
All earth shall hear their swell,
And bind our hearts yet closer
To thee we love so well.

Maryland, Maryland, Home of
Maroon and Gray,
Maryland, Maryland, thee we will
love always
All hail to thee, fair Maryland,
All Glory be to thee!
Grow thou in strength and honor

Desiderata

Go placidly amid the noise and haste,
and remember what peace there may be in
silence. As far as possible without
surrender be on good terms with all
persons. Speak your truth quietly and
clearly and listen to others, even the
dull and ignorant; they too have a
story. Avoid loud and aggressive persons,
they are vexation to the spirit. If you
compare yourself with others, you may
become vain and bitter; for always there
will be greater and lesser persons than
yourself.

O give me a song of hope
And a world where I can sing it.
Give me a song of faith
And a people to believe in it.
Give me a song of kindness
And a country where I can live it.

"Dark Testament" Pauli Murray

Don't let life discourage you; everyone
who got where he is had to begin where
he was.

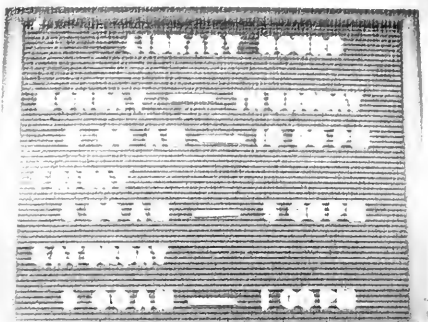

The first thing to do in life is to do with
purpose what one proposes to do.

— Pablo Casals

POSTSCRIPT . . .

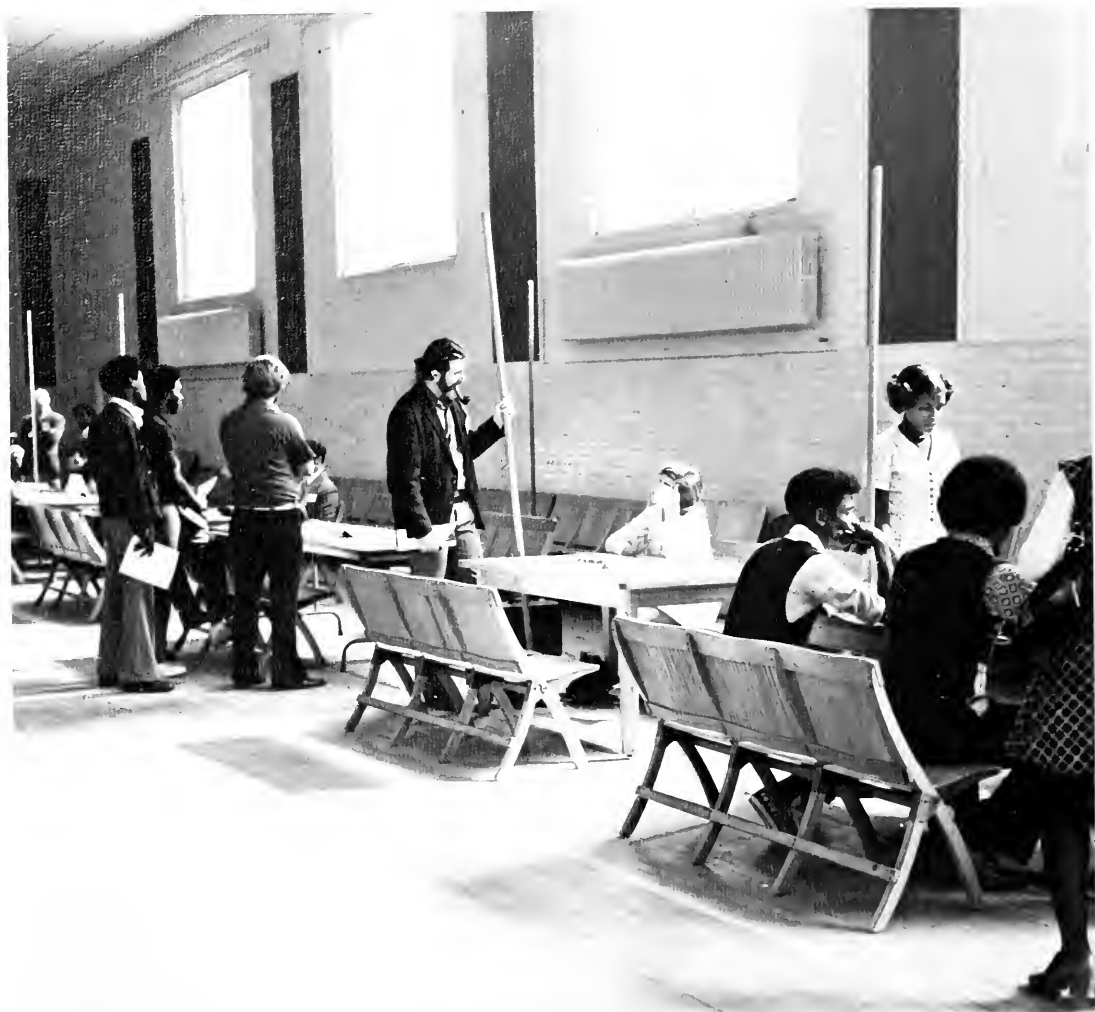

When you read, read! Too many students just half read. I never read without summarizing — and so understanding what I read. The art of memory is the art of understanding.
Roscoe Pound, Harvard Law School

"With all its sham, drudgery & broken
dreams, it is still a beautiful world."

We live in a time of such rapid change that only he who is in a fundamental way a person who continues to learn can keep pace, let alone play the role of teacher. To ourselves a manner of living in America in which learning can no longer serve our needs.

Scholarship is a polite argument

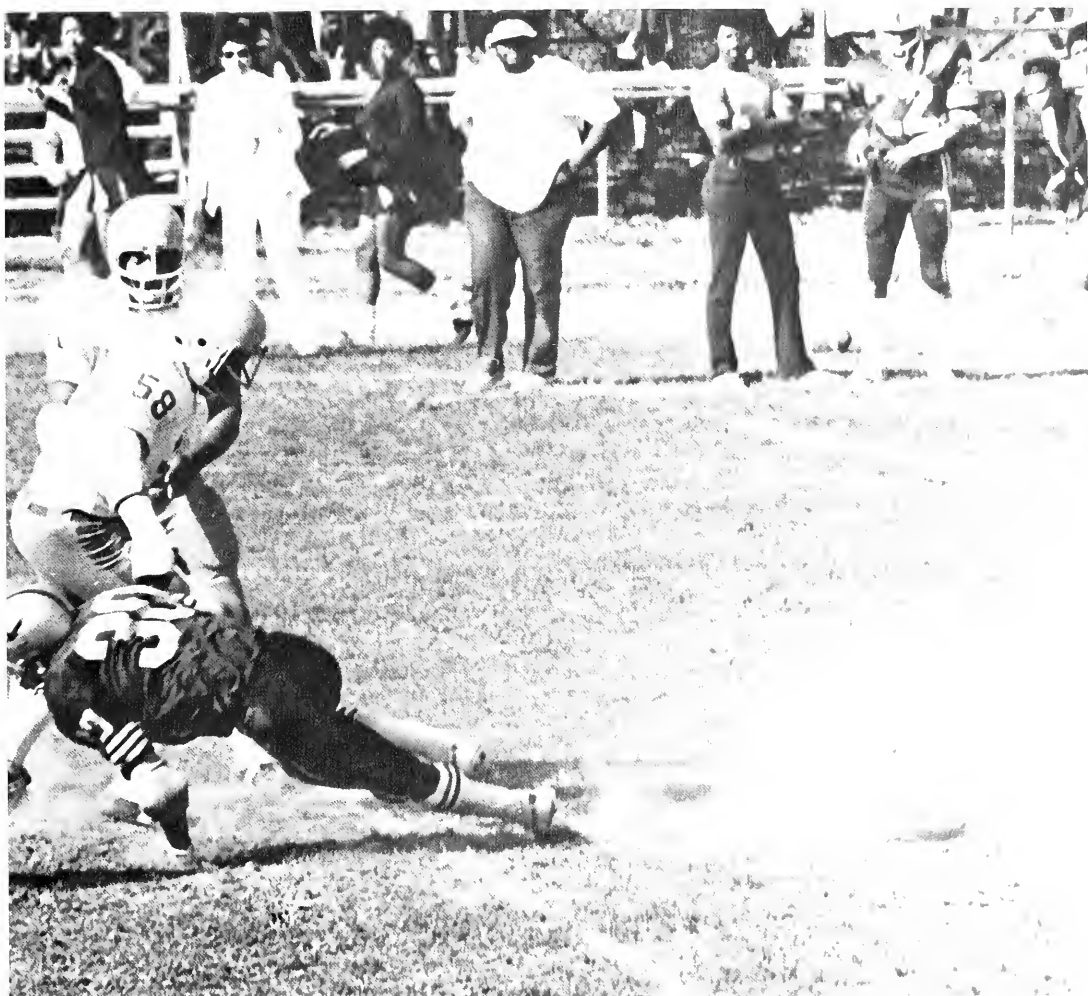

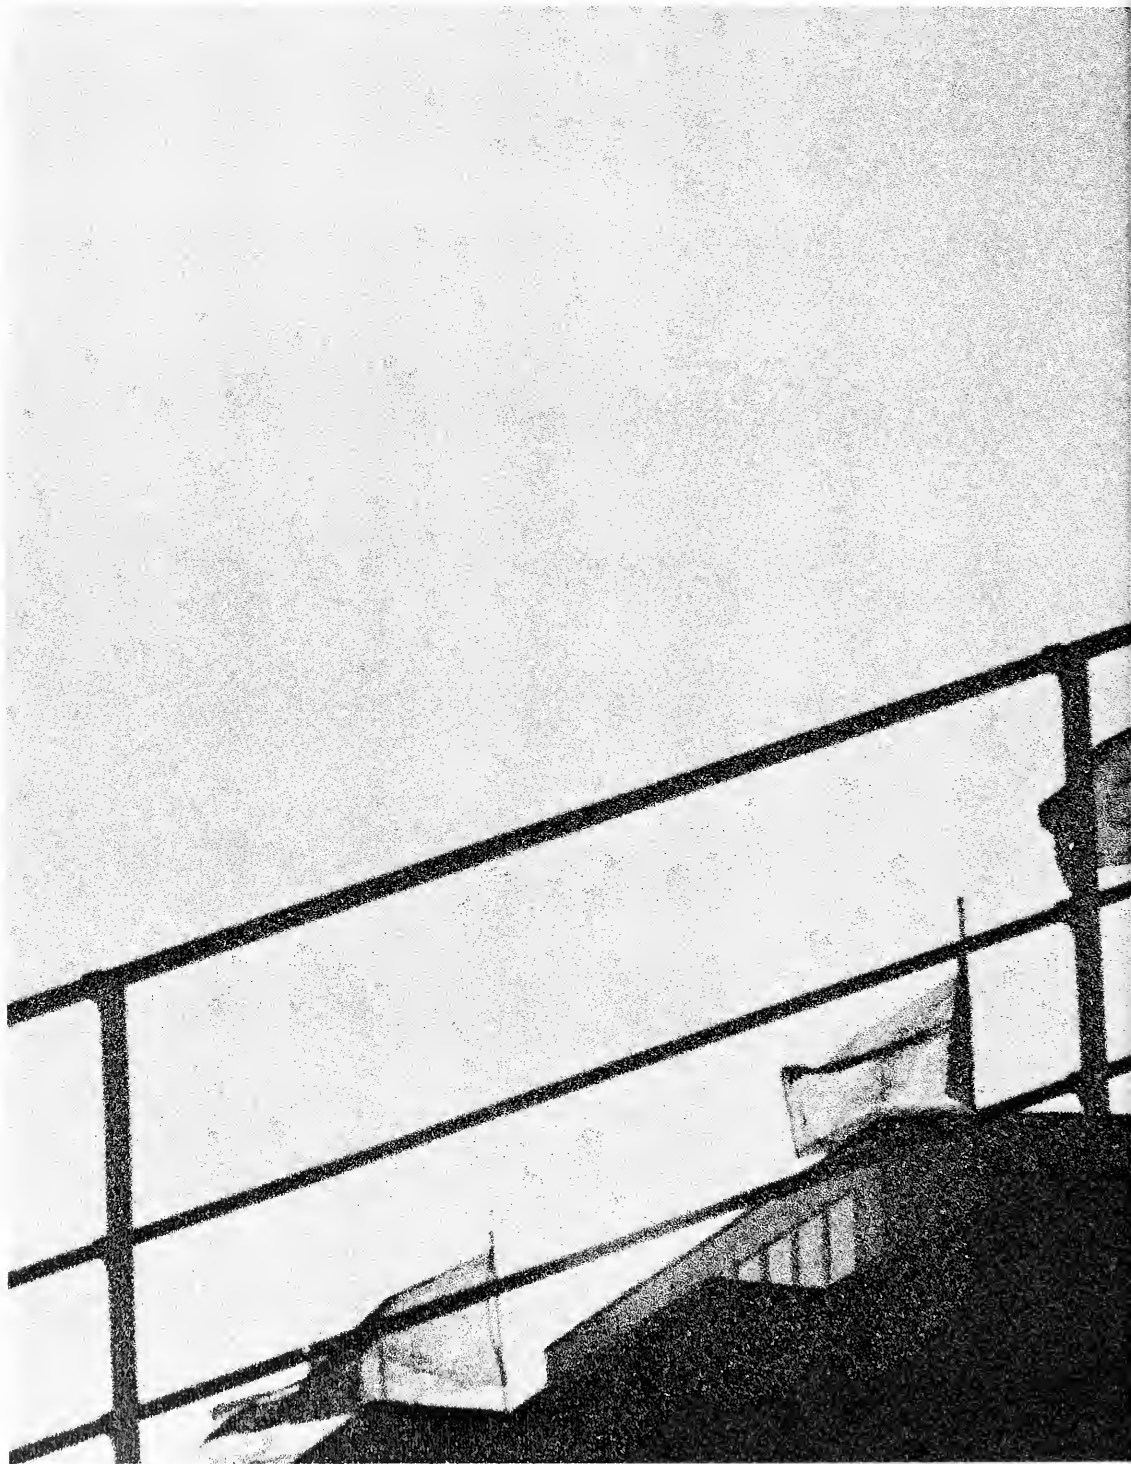

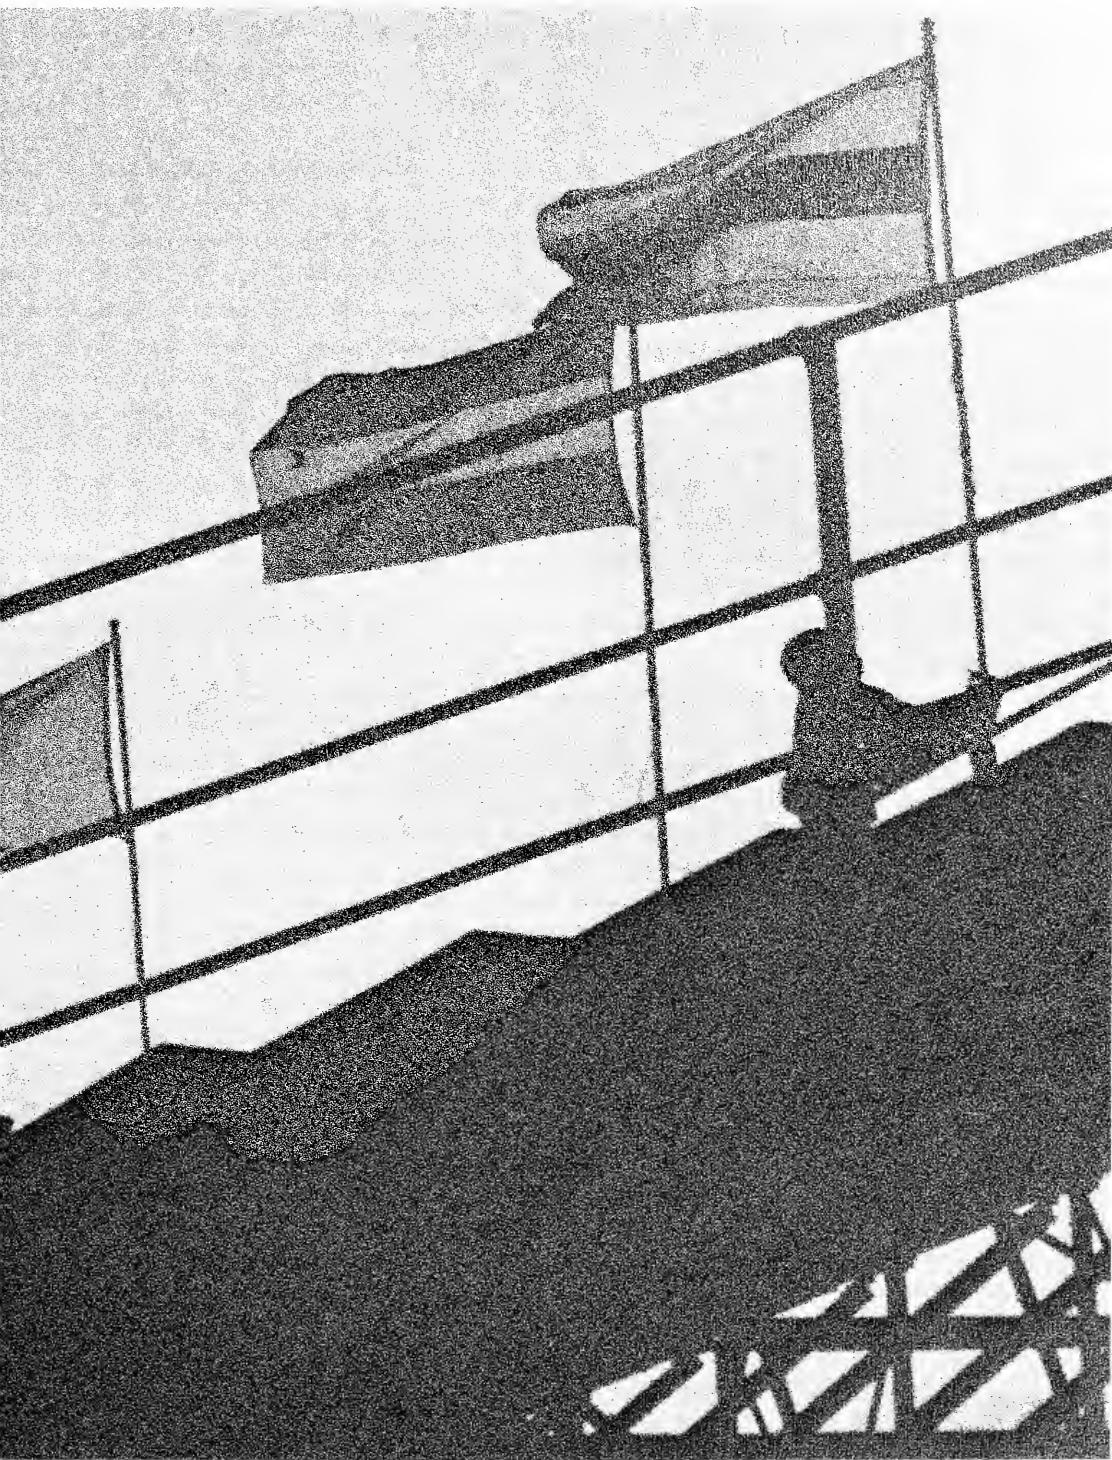

GETTING IT TOGETHER . . .

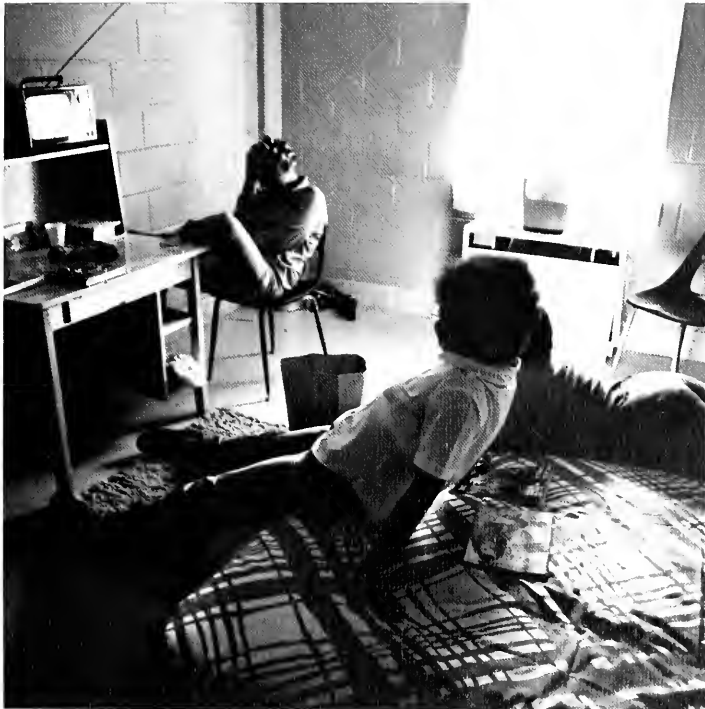

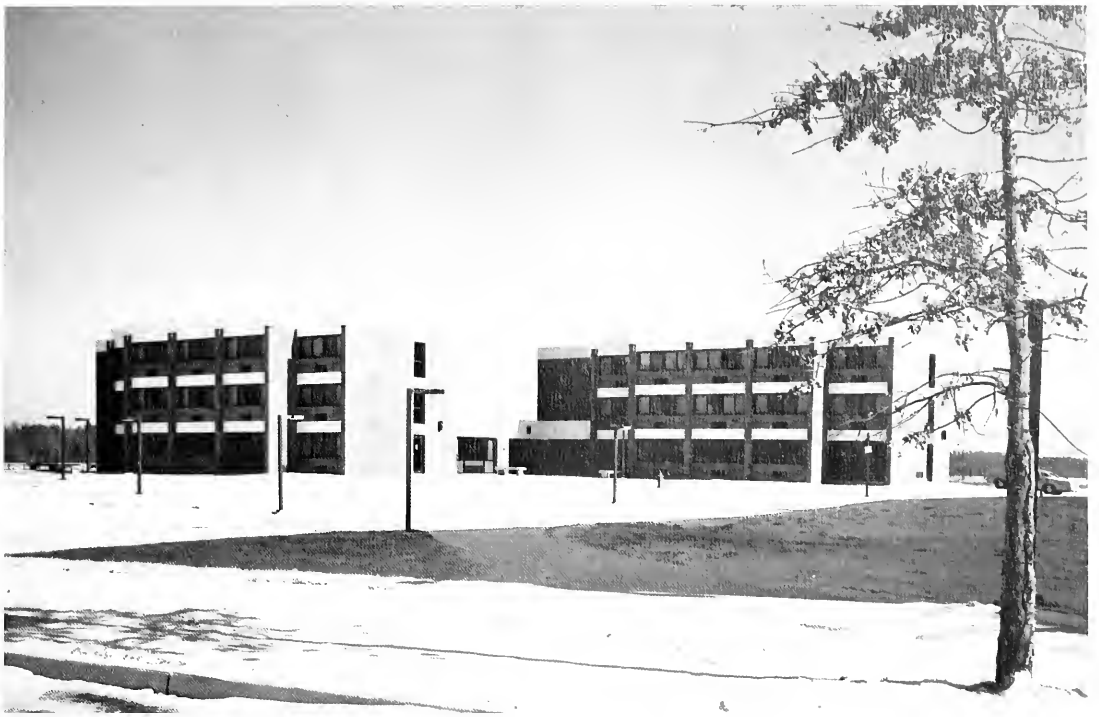

A degree is not an education, and the confusion on this point is perhaps the gravest weakness in American thinking about education.

our buildings;
thereafter
they shape us.

COPING

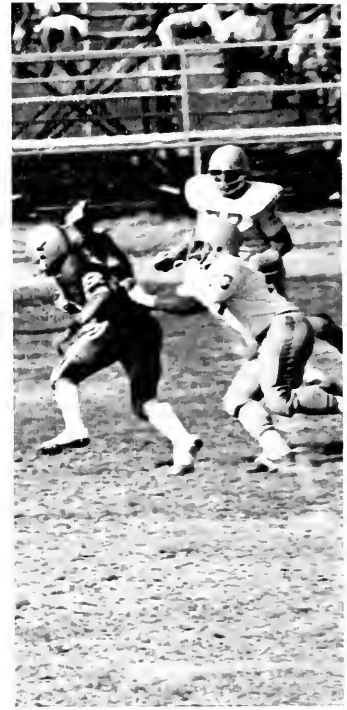

A college education is a taste for
knowledge, a taste for philosophy, a
capacity to explore, question and
perceive relationships between
fields of knowledge and experience
... it is a search for truth.

AUTOGRAPHS

In Fond Memory Of Jimmie Mosely, Sr.

1927-1974

Artists are poets, speaking to humanity. As an artist, Jimmie Mosely stands out as one of the nation's great creators of masterpieces. His works will stand forever midway between man's fleeting world and the transcendent world of God, enabling us to continually communicate with the cosmos and the powers of nature.

He once remarked, "I am an artist; I have something to say; I hope I have said it well."
